

**Safeguard
Your Loved Ones,
Today.**

Worried about someone who is:

- Struggling with their mental health
- Finding things tough?
- Feeling desperate?
- Having suicidal thoughts?

You never know what they might be searching for on the internet. Accessing dangerous content relating to self-harm or suicide can trigger desperate decisions leading to places from which there might be no return.

Protect them with
 R;pple

The browser extension that saves lives by intercepting harmful online searches and turning them into a journey of hope and support.

Download,
